October 3, 2011

To All Bedminster Municipal Authority Customers:

Earlier this year Bedminster Municipal Authority hired an outside firm to conduct a rate study. The study regrettably indicates that a rate increase is necessary to meet rising operations costs. Please be assured that the Authority continuously seeks ways to keep costs low, which is why the last rate increase occurred in 2007. At the July 27, 2011 Bedminster Municipal Authority monthly meeting, the Authority Board adopted Resolution 11-03, establishing new water and sewer rates. Effective January 1, 2012, the Authority's rate structure will change from a two tiered rate structure to one rate per thousand gallons each of water and sewer used. The water and sewer minimum fees per quarter will remain the same.

Effective January 1, 2012, the following rates will apply:

### Water Rates:

Minimum Charge	\$59.00
Gallons	\$2.43 per 1,000 gallons

### Sewer Rates:

Minimum Charge	\$139.00
Gallons	\$3.92 per 1,000 gallons

The change in rates is effective January 1, 2012. The bill for the first quarter of 2012 that will be mailed at the beginning of April 2012 will reflect the new rates.

For a complete list of fees please access the Authority's website at [www.bedminsterpa.com](http://www.bedminsterpa.com) or stop by the Bedminster Municipal Authority office for a copy of the fee schedule.

Sincerely,  
BEDMINSTER MUNICIPAL AUTHORITY
